

2nd and 3rd Grades: Wayfarers

STUDENT SUPPLY LIST 2025-2026

YEAR A

- ☐ [*A Drop of Water: A Book of Science and Wonder*](#) by Walter Wick
- ☐ [*Rain, Hail, Sleet, Snow*](#) by Nancy Larrick
- ☐ [*The First Book of Plants*](#) by Alice Dickinson (softcover is fine)
- ☐ Pencils
- ☐ Materials for presentations: Students have one science project that they will present to the class. Teachers must approve the project proposal before the student begins the project. We advise parents to help the student choose a project that is low cost. Some project ideas can be found [here](#) and [here](#).

The student needs to label books and materials with his or her last name. Scale How School will provide your student with a blank notebook for his or her science journal.

Scale How School is part of Amazon.com's Affiliate program. If you use the Amazon links, we receive a small commission that goes towards operational expenses.
